## CONSENSIO BAR MENU

### Baileys

---

This world-famous Irish cream liqueur is an alcoholic beverage flavoured with cream, cocoa, and Irish whiskey. It is made by Diageo at Nangor Road, in Dublin, Republic of Ireland and in Mallusk, Northern Ireland.

### Whisky: Talisker 10 year single malt

---

Talisker 10 year is the stalwart of the Talisker family. It is a powerful single malt whisky with a sea-salty nose, spicy complexity, smoky sweet character and signature peppery finish. It is said to be like a warm welcome from a wild sea.

### Vodka: Grey Goose

---

Grey Goose is a brand of vodka created in the 1990s and is produced in France. It is made from 100% French ingredients and is of incomparable quality.

### Port: Burmester

---

This port is very versatile and can be paired with many different kinds of food. It is especially delicious served at the end of a meal with a selection of fine cheeses.

### Cognac: Hennessy

---

Hennessy is one of the most popular cognacs in the world. Matured in new oak barrels, Hennessy is bold and fragrant. Its beguiling character is unique, a timeless choice with an intensity all its own. It offers toasted and fruit notes, with a rich, clearly defined palate and a welcoming exuberance. The round and robust flavours make it very versatile and ideal for many cocktails, from classic recipes and sophisticated cocktail creations to easy mixed drinks.

### Rum: 3 or 7 year old Havana Club

---

Havana 3 has a light, straw colour that reveals its age - every single drop has aged for a minimum of three years and the nose is a full bouquet of smooth aromas, with hints of oak, molasses and sugar cane. The taste is well-balanced and complex: a sweet, mild, fruity flavour with a light hint of citrus.

Havana 7 holds the tastes of the Cuban terroir - aromatic tobacco, the sweet tropical fruits of the Cuban garden, molasses, spices and vanilla from the long ageing unfold, enhanced by the slow release of aromas.

## Tequila: 100% Agave

---

“Tequilas made with 100 % pure agave will of course taste better,” says Joel Cuellar, the head spirits sommelier at New York’s ‘Brandy Library’ and ‘Copper & Oak’. If you have come to associate tequila with a headache in a bottle, those mixed-alcohol tequilas may have something to do with it. Here at Consensio, we only offer tequilas that clearly label themselves as 100% agave.

## Local Liqueur: Génépi

---

Génépi is a traditional herbal liqueur or aperitif popularized in the Alpine regions of Europe. Génépi liqueur is related to absinthe in that its namesake botanicals are of the genus *Artemisia*, but like Chartreuse, it is a liqueur and traditionally taken neat.
