

A large, multi-story chalet with a stone and wood exterior, featuring balconies and a snowy mountain background. A pine branch with a cone is in the foreground on the left.

# Chalet Blackcomb

Val d'Isère  
- Sleeps 10 -

Chalet Blackcomb is a fully renovated luxury catered ski chalet ready for launch for the 2022/23 winter season.

Chalet Blackcomb is perfectly located in the snow-sure high-altitude ski resort Val d'Isère. It is only a short drive in your private chalet-to-piste shuttle to the main Front De Neige or La Daille ski areas. From there, you have access to a whole range of pistes from beginner slopes to world-famous black runs and even several ski touring routes spanning all of Val d'Isère and Tignes. Situated in the private domain of Cacholet, this luxury ski chalet is a 2-minute drive from the centre of the resort where you can explore all the local shops, restaurants and bars.

Chalet Blackcomb comfortably sleeps ten guests in five twin or double bedrooms, each complete with an ensuite bath or shower room. The main two bedrooms share a large south-facing private balcony with an outdoor hot tub, so you can relax and soak in the bubbles while soaking in the expansive snowy mountain views.

Bedecked in natural wood and gorgeous textiles, this phenomenal Alpine chalet features an open plan living and kitchen area. Relax in style with a glass of bottomless Perrier-Jouët Champagne in front of the fireplace while enjoying the delicious smells coming from the kitchen as you watch your chalet team prepare your bespoke two-course dinner.

Separated from the Living/Kitchen area by a floor-to-ceiling glass wall, Chalet Blackcomb boasts an open plan dining and second large lounge area, complete with an open fireplace. This space opens onto a large private balcony with incredible views overlooking the valley. After enjoying your evening meal, sit back while listening to the crackle of the fire, take in the breath-taking vistas and unwind with the cheese course and a glass of your favourite drink from the well-stocked open chalet bar.

The ground floor is home to a large indoor swimming pool, shower and bathroom, featuring natural stone and wood. The pool uses ozone technology to be completely chlorine-free. The natural freshwater oxygen process provides a non-toxic, healthy and environmentally friendly alternative. Your chalet team can arrange your favourite type of massage or spa treatment to make your stay extra special.

This floor also features a boot room with heated boot warmers and a separate covered garage if you opt to drive to Val d'Isère.

Chalet Blackcomb is the perfect relaxed ski chalet holiday destination for families and friends. Scroll down to check availability and pricing.
