Etoile Filante brings contemporary alpine design to the La Canadienne area of Val d'Isère.

Set within a development by Jean-Charles Covarel and designed by Nicky Dobree, the duplex property combines clean architectural lines with warm natural materials and a comfortable, residential feel.

Arranged across two floors and spanning 167m², Etoile Filante sleeps up to nine guests across four ensuite bedrooms. Its flexible configuration, including a bunk room with adult-size beds, makes it well suited to families or groups travelling together.

THE EXPERIENCE

The Experience

The main living space is centred around an open-plan lounge and fireplace, creating a warm setting for evenings after skiing. A separate dining area and fully equipped kitchen offer space for shared meals, while doors open onto a balcony with views towards the surrounding mountains.

Upstairs, a private study provides a quieter place to read or work. The primary suite also includes a walk-in wardrobe and private balcony overlooking the Solaise ski area.

A ski and boot room keeps equipment organised, while underground parking with an EV charger and laundry facilities add further practicality throughout the stay.

Etoile Filante offers an independent Serviced Property stay, with pre-arrival and in-resort concierge, daily housekeeping, a mid-week towel change and a welcome hamper.
