Spanning 340m², the chalet is designed around comfort, connection and mountain views. The main living area centres around the fire and open kitchen, while a second lounge and dining space opens onto a large south-facing balcony, creating an easy setting for long afternoons and evenings together.

THE EXPERIENCE

The Experience

Chalet Blackcomb is designed for easy, sociable stays, with generous spaces for gathering and unwinding after a day on the slopes. The open-plan living area brings guests together around the fire, while the second lounge, dining space and south-facing balcony offer room for drinks, dinner and quieter moments away from the main group.

Wellness is a key part of the chalet experience. Guests can enjoy an indoor swimming pool, an outdoor hot tub with mountain views and a dedicated area for in-chalet treatments.

Guests are looked after by a professional chalet team, with chef-prepared dinners on 5 evenings, daily breakfast, afternoon tea laid-out, concierge support and access to a shared in-resort driving service.
